Dreaming Reality

Hello! This was actually my dream with Abby still as my OC. This TMNT 2012 is the one from the comic called Night Protector. Enjoy! I do not own the TMNT characters but I do own one of the soldiers called Kenneth and I also own my OCs.

TMNTTMNTTMNTTMNTTMNTTMNTTMNTTMNTTM

In New York City, a 15-year old girl with brown hair and brown eyes called Abby. She kept tossing and turning on her bed as the the night went by slowly. She was having a dream. More of a nightmare, to be exact." Aaaaahhhhh!" Abby screamed as loud as she could but her parents were fast asleep so they couldn't hear her.

" No...this can't be true! Stop! I just wanna wake up!" she kept shouting and shouting as she kept kicking and punching the air like crazy! Finally, she kicked so hard that she fell from her bed!" Ow!" Abby shouted in pain, rubbing the back of her neck." What a nightmare?!"

She noticed that it was 5:00 am in the morning but she just couldn't sleep. All she did was sigh and glanced at her Teenage Mutant Ninja Turtles poster. Ever since her family moved into NYC, she has been buying all of the ninja turtle merchandise she could ever try to get and they always made her smile.

She climbed onto her bed and hugged her Mikey pillow. Little by

little, Abby started to become drowsy. Soon, she fell fast asleep. When she woke up, it was already 6:00 in the morning." It worked!" she exclaimed to herself as she got up and went down for breakfast. "I knew I could sleep with my Mikey pillow!"

When she got dressed up for school and then her father was already driving her to her school, Abby looked at the gloomy clouds and had started to get a little hint of suspiciousness. "Hmm...okay. Why are the clouds so gloomy?" But then she just shrugged the question off.

It was Wednesday and she had a lot of catching up to do at school. During the past two days, Abby had suddenly gained a major headache but now she was excited to go back to school again. But there was something unusual and new was happening in her school.

Everyone was rushing here and there and when she went inside her classroom, her boy classmates and her best friends were quiet and organized. "That's so unusual!" Abby exclaimed to herself then she dropped her bags but she didn't fix her things when she noticed that even her best friends didn't fix their things.

Suddenly, the bell rang for a long time. Before Abby could ask anything, Ms. Gabor rushed in and shouted, "Everyone, to the assembly hall! We still need to help the headmaster choose a place to protect ourselves so we will not get killed by the assassins!"

Everyone rushed out quickly. All except Abby. "Ms. Gabor," she started to ask her teacher. "What's going on, here?" The teacher looked at her and realized that she had not been to school for the past days. "Come," Ms. Gabor said, leading Abby out the door. "The headmaster will explain everything!"

Confused, Abby went to the stairs, where her friend Julie was waiting. As she went down the stairs, she looked at Julie and asked, "What's going on?!" Her friend looked at her and shouted back, "Azrael is going to kill us in three weeks straight!" Abby was surprised to hear that name.

In a big hurry, Julie grabbed her hand then the two went to the assembly hall, where their class was waiting for them. As their headmaster, Mr. Bryan, explained their secret hiding place, an arrow was shot in front of him, letting the whole school gasp, afraid on what's gonna happen next.

Suddenly, a guy with a soldier costume and a bow and arrow went to the stage of the assembly hall and said, "You are all a couple wusses! All of you hide away like a couple of scaredy-cats and a couple of cowards! In three weeks time, all of you will be dead and I, Kenneth, and my friend's group shall finally get our prize! Haha!"

"We'll never let your group get away with this!" Abby shouted at the back then the whole school stared at her in disbelief. Usually, she would be shy with people but the fear didn't seem to bother her at that time. In anger, Kenneth took out his sword and started, "You dare t  "Aaaaahhhhh!"

In a flash, Abby ran towards Kenneth, took his sword, and placed the blade over the soldier's throat. All of the students gasped aloud as

Abby looked at her enemy and said, "What do you want, punk?!" In fright, Kenneth gulped, raised his hands up in surrender, and asked, "What about a trade, babe?"

"First of all!" Abby shouted, taking the blade slowly away from his throat. "Don't you try call me babe just because I'm a girl!" Kenneth slowly stood up and muttered under his breath, "A pretty hot girl..." Abby rolled her eyes then continued, "Secondly, what kind of trade?"

"My life," he began to say as his companions moved a huge green beast with glowing red eyes. "For this creature!" Abby looked at the beast and realized who it was so she looked at him and said, "Deal." Happy, Kenneth and his companions used a smoke bomb to disappear.

Abby looked at the creature then she realized that it was a wild beast. It growled and scratched almost everything it saw so she held her mouth together and then shouted to the crowd, "Haze, Ela, Eli, help me!" Her friends quickly helped her as the other students ran away.

Haze grabbed one of the creature's claw while Ela held the other. Eli held the tail then the four prevented it to hurt anyone. "Nigtorra!" Abby kept shouting to the wild creature. "Girl, calm down! Nigtorra, calm down!" Suddenly, a blue mist surrounded Haze.

Then, a red mist surrounded Eli and a purple mist surrounded Ela. Soon, a combination of black and orange mist surrounded Abby and Nigtorra could hear a familiar voice which called out to her from Abby's mouth. "Nigtorra!" she still kept yelling. "Please, Niggy. Calm down,"

Nigtorra calmed down then the mist disappeared. "W-Who are you?" Nigtorra asked the four but before they could answer, the headmaster came to them and then suggested, "How about all of us talk about the situation in my office? So we can have a little privacy talk..."

The girls and Nigtorra agreed then Mr. Bryan told everyone to go to their classroom but to stay alert. Afterwards, the six went through the hallways then went inside the door that had a sign that said, "The Headmaster" on its surface. Before she went in, Abby looked around her.

"This seems familiar..." she said to herself. "This scenery is kinda like my dream. Hang on! This is my dream! Oh, gosh!" Before she could say anything else, Ela called out to her, "Come on, Abby!" Abby looked at her friend then she went inside the office, closing the door behind her.

TMNTTMNTTMNTTMNTTMNTTMNTTMNTTMNT

"It is a very horrible situation, Nigtorra," Mr. Bryan finally said after discussing the situation to his guests. "Azrael and his army are going to destroy us yet we have no idea how to protect our own kind!" As the five helped the headmaster think of an idea so they could survive, an idea suddenly hit Abby.

"We need the turtles help!" she exclaimed then Mr. Bryan asked, "Who are there turtles you speak of?" But Nigtorra didn't give her a

chance I answer that question when she suddenly asked Abby," How do you know about the Teenage Mutant Ninja Turtles, Abby?"

" Long story," Haze said and Eli added," She liked them eva' since she was at least 6-years old!" Nigtorra nodded but said," The turtles are a little busy. If you do know the turtles, Abby, then you should know what the turtles are dealing with here and for the past two years!"

" Yeah, I do," Abby said." But we need their help. Since Midnight rules the foot clan, we can also asks them for help," Nigtorra sighed and nodded sadly." Then, it's finally settled," Mr. Bryan said, standing up from his seat." We'll go the home of these turtles and ask for their acquaintance,"

" But we'll need backup from the your school," Nigtorra told them." Leo is not really into human guests," Abby sighed and said," I know, Nigtorra. Let's ask the girls in our class for help," Since Mr. Bryan trusted the group because of the situation, he told the deputy headmistress to call the other girls for help.

TMNTTMNTTMNTTMNTTMNTTMNTTMNTTMNT

The seven girls and Nigtorra had finally reached the turtles' lair, with Mr. Bryan dragging behind. From a faraway distance, the group could here Leo scolding at Midnight." Get out of here, you traitor!" he shouted then they saw him push the other turtle out of the lair.

" Midnight!" Nigtorra shouted, running towards the turtle. She turned to Leo angrily and scolded," How dare you hurt Middy?!" Angry, Leo shouted back," Well, that punk is nothing but a traitor! He almost killed us! And you let him kill us instead of stopping him!"

Raph went beside him then noticed the humans." What the heck?!" he exclaimed, catching Leo and Nigtorra's attention." Why are there humans here?!" Donnie followed behind them as Leo scolded at Nigtorra," You and Midnight are real traitors?! You even let humans in the lair! You two never changed!"

" It wasn't my fault, Leonardo," Nigtorra said." Azrael's army is going to destroy their school in three weeks and..." At the name "Azrael", Midnight immediately stood up and then said," Azrael?! Why would he destroy a school with innocent students in it?! It's a little suspicious..."

" Well," Mr. Bryan started to say." in the letter he sent us, he said he was gonna destroy us and take the one who knows the turtles more," The turtles gasped in total shock as Nigtorra said," I think I have an idea on who it might be but maybe we could save the school from treason,"

" Please," Abby pleaded." Our school is in total danger! We need all of your help! Just to save our school!" The other girls eyes' widen." She has never pleaded like that before!" they thought to themselves. Midnight looked at Leo and said," This is still helping so what do you say, Leo?"

" Fine." the blue scarfed turtle told them then Haze, Ela, Eli, and

Abby blushed as they saw the turtles run past them, leading them to the foot base and to the foot clan to get more allies.

TMNTTMNTTMNTTMNTTMNTTMNTTMNTTMNT

The other students in the school waited worriedly for the others to return then suddenly, Mr. Bryan came from the shadows and said, " We now have a plan to destroy Azrael's army and to live! Abby, if you please," Abby came out of the shadows as well and then took the microphone.

" People of our school!" she shouted as loud as she could." We will train to fight and to protect ourselves from the army using the help of the foot clan..." Then, the foot clan appeared with the other girls." And," she continued." the Teenage Mutant Ninja Turtles in the Hamato clan!"

The whole school cheered as loud as they could then Midnight told everyone the plan to defeat Azrael's group. For three weeks, they have been training every lesson they could try to learn. As Haze was sparring Leo, the blue scarfed turtle kept telling his sparring partner, " Midnight is such a traitor! He's such a murâ€"

" He's not murderer, Leo," Haze sweetly told Leo, knowing what he'd say next." Abby says he's was before but now he changed," but then Leo asked her, " Why should you believe your friend about a lot of info about us," Haze sighed and said, " She knows more about you guys than you could even think,"

Leo huffed then he noticed an arrow, that was targeted at Haze! In a hurry, as the arrow was shot, he grabbed his partner then took her to safe distance. Haze blushed as she looked at him and Leo blushed as he looked Haze's olive black eyes.

In another place, Donnie was having a combat with his naginata and with his sparring partner, Ela. Ela noticed that Donnie was having some troubles so she stopped fighting him and asked, " You okay, Don?" The purple masked turtle looked at her but before he could answer, he pulled her closer to him to avoid being hit by the dart.

They were so close that they almost kissed! But Donnie wasn't going to push it that far but all they did was look at each other's eyes, both turning red in embarrassment as Donnie let go of Ela.

Someplace far, Eli and Raph were wrestling each other. In a flash, Eli overthrew her partner to the side." Yes!" she happily celebrated." In your face, Raph! I win! I'm the winner! Yahoooo! Yahâ€"hey, Raph?" She let her celebration on hold as she looked at her partner, who was sulking.

" Huh?" he looked at her, in a flash of surprise." Oh, um...great job!" Eli sighed, helped him up, and asked, " Somethin' troublin' ya, Raph?" He sighed and then confessed to her, " Yeah. I can't really decide. Should I agree with Leo and that our little brother is forever gone or agree with Donnie and that Midnight still has Mikey's soul,"

" Raph," Eli said, making him face her." It doesn't matter what they think. It only matters on what you think about Midnight. If you can

still feel that he's your little brother, then go with your senses," Raph smiled at her but then his eyes widen as he made Eli and him lower their heads together, saying, " Duck, Eli!"

An arrow hit the ground behind them as they noticed that they were a little too close to each other. Eli stared at Raph's emerald green eyes while he looked into her brown eyes, both blushing at that moment.

Near the edge of the quadrangle, Midnight and Abby were training by fighting each other. Suddenly, rapid darts were shot towards them. In a hurry, Abby said, " Midnight, spin me," Seeing the darts coming closely, Midnight hugged her then he spun her around and around as she stretched out her arms.

As the two spun, the rapid force of the spin was so fast that they blocked the darts easily. When all the darts were already on the ground or someplace else, the two stop spinning. " Hey," Midnight asked her. " you okay?" Abby looked at him and smiled but then her expression turned to surprise as he hugged her all of a sudden.

To be honest, he only did that to avoid Abby from being hit by another dart and a surprise arrow. The two blushed as they let each other go. Hesitating at first, Abby blushes then suddenly kissed Midnight on the cheek. He was caught off guard when she did this so he couldn't stop her.

" Thanks," she said then she went to the pre-primary area. She left Midnight, who was still shocked and dumbstruck about the kiss, and went straight to the girl's bathroom to clear her head from, well, pretty much everything. As she entered, she saw a familiar figure in the bathroom, staring at the bathroom mirror.

" Nigtorra?" Abby asked and then the figure turned around, sighed, and said, " Yes, it's me," Abby sighed and asked her, " What's going on, Niggy?" Nigtorra shrugged and then said, " I wish I was a human again..." Abby shook her head and asked her friend, confidentially, " You were a mutated, huh?"

Nigtorra nodded then Abby said, " I'll help you. Follow me," Nigtorra and her walked through the hallways. Abby snickered mysteriously as she saw Carl and Karai, who were sparring each other. When the two entered a science lab, Abby told Nigtorra to wait as she mixed some ingredients together.

" This won't hurt a bit, Nigtorra," she soothed when she placed the chemical into a syringe. Nigtorra gulped as the chemical was injected into her internal organs then Abby placed a blanket over her friend. " I'll just get some extra clothes," she said then she went to a nearby closet as Nigtorra felt pain in herself.

When she came back with some clothes, Abby saw a girl, instead of Nigtorra, under the blanket. " Nora?" she asked then the girl nodded and said, " Yep! It's me, Nigtorra or Nora!" Abby chuckled then she gave her the clothes. Nora fitted them then the two went back to the quadrangle.

" Nigtorra?!" Midnight exclaimed when he saw them. " Is that you?!" Nora chuckled and then said, " My name's actually Nora and yes, it's me," Suddenly, a boy came running to her and asked Abby, " Wanna spar,

Abby?" She shook her head and said, " I don't feel like it right now but Nora wants to try,"

" I do?!" Nora exclaimed then Abby confirmed, " Yes, you do. Nora, this is Tan. Tan, this is Nora," Tan smiled then the two left, hand in hand. Midnight and Abby looked at them then at each other, confused on why the two were walking away, hand in hand with each other.

TMNTTMNTTMNTTMNTTMNTTMNTTMNTTMNTTMNT

Finally, it was time. The ninjas stood confidentially then arrows shift from above and then Azrael's army was all lined up." Ninjas," Abby started, waving her katana above her head." attack!" The assassins and the ninjas fought to the death, with Midnight and Azrael facing each other.

When Midnight was knocked of his feet and before Azrael could even had a chance to pierce the sword through him, Abby saw the bad scenery and shouted, " Oh, no! Oh, dear! Midnight!" Then, a black and orange mist surrounded her and her brown eyes turned to baby blue, glowing at the process.

The mist grew claws for her as she pounced towards Azrael. When he knocked her off her feet, Midnight shouted, " Get away from her!" Then, he pounced towards the soldier. In pure anger, Abby's mist grew stronger then her eyes kept glowing and glowing. Like if it's calling a signal...

Sure enough, it was. Suddenly, Haze's eyes turned to midnight blue and blue mist surrounded her. Eli's eyes turned emerald green and red mist surrounded her while Ela's eyes turned red and purple mist surrounded her. They faced Azrael as he turned around.

" Attack!" Abby growled then Eli's red mist turned her to a bear. She pounced on Azrael and attacked him but then he just tossed her to the side. Then, Haze, using her blue mist, turned into a lion then also pounced on Azrael and scratched him on the waist.

Unfortunately, he sliced her side then threw her to the side as well. Ela knee this was her cue as she transformed into a phoenix using her purple mist. She shot magic from her claws but then Azrael shot an arrow towards her then she fell. Now, it was only Abby left to face him.

With all of her strength that she gathered, Abby spun and spun until a flash of orange and black completely surrounded her. Little by little, she grew larger and larger, her skin turning to scales. Then, in no time at all, she had completely transformed a dragon!

Azrael called upon his army then they charged towards the dragon. But Abby already knew that they would do that as she roared, attacked and destroyed half of the enemy's army. When she destroyed the other half, Azrael was left alone. Angry, he ran away, shouting, " I'll soon have my revenge!"

Abby and her transformed back to normal just in time to hear their school celebrating their success. They faced the turtles then they hugged each other as tight as they could. Suddenly, their colored mists surrounded them again. The others gasped as they watched

something glowing green inside.

When the mist cleared out, all the girls had different green skins, different colored eyes, brown hair, and turtle features." What the...?!" Eli exclaimed but the turtles didn't even care. All they did was hug them again. Abby was so happy that their school wasn't destroyed and that peace was once again brought between the turtle brothers.

But something else terribly happened. An arrow shot Haze at the back of her new turtle shell." Haze!" Abby yelled as her friend fell unconscious on Leo's hands. But that wasn't just it. Two more arrows hit Ela and Eli, making them unconscious and fall onto Raph and Donnie's hands.

" Revenge! Hahahahaha!" Abby could hear someone yell out.

Then, she knew who was next. In a sudden motion, an arrow hit Abby as she fell onto the hands of Midnight." Abby!" Midnight yelled. Abby's last vision was Midnight panicking and the way he carried her up and cried out, " They all need help!" Then, she saw him tell her, " Everything's gonna be alright. Alright..." Then, she blacked out.

TMNTTMNTTMNTTMNTTMNTTMNTTMNTTMNT

Abby woke up and saw Midnight, looking at her in a worried expression." Finally!" he exclaimed, hugging her softly." You're awake," She smiled as she said, " Hey there, Midnight. How long was I out?" Midnight chuckled as he helped her up and told her, in a worried voice, " You've been out for a month! The others are already awake, though,"

" What happened to our school?" Abby asked him then he said, " Don't worry. We have erased all of the students' memories about us. Except you and your friends since you four had turned into mutants like us so you also have to go in hiding. Like we ninjas always do,"

" Alright, Middy," she chuckled as she took Midnight's hand then he led her to the kitchen, where the others were waiting. Now, she was living her new life and she loved it. She loved staying with her friends and her new family. And, of course, she loves staying with the turtle of her dreams, despite the fact that he looks different, Mikey.
